QUEENSLAND JOURNAL OF AGRICULTURAL AND ANIMAL SCIENCES

VOLUME 24, 1967

CONTENTS

No. 1, MARCH

	PAGE
Bacterial wilt of ginger in Queensland. By A. C. HAYWARD, MELDA L. MOFFETT and K. G. PEGG	1
Effects of chromosome doubling on Ronpha grass, a natural pentaploid *Phalaris* hybrid. By B. GROF	7
Establishment of legumes in pasture of savannah woodland in North Queensland. By R. W. DOWNES	23
Observations on the use of preplant herbicides in pasture establishment in the wet tropics. By D. R. BAILEY	31
An experimental pineapple juice concentrate plant incorporating flavour recovery. 2. Instrumentation and control of the turbulent thin film evaporator. By R. E. LEVERINGTON and R. C. MORGAN	41
Effect of warming cycles during storage on the behaviour of Jonathan and Granny Smith apples in cool storage. By E. T. CARROLL	49
Chemical investigations on bitter pit of Granny Smith apples. By C. D. STEVENSON	59
Studies of pesticide residues. 2. Carbaryl residues in the body tissues and milk of cattle following dermal application. By I. S. HURWOOD	69
Occurrence of avian infectious bronchitis virus in the tissues of experimentally infected chickens. By P. C. DOHERTY	75
Mammals, birds and reptiles of the Warwick district, Queensland. 2. Birds. By T. H. KIRKPATRICK	81
Attempted haemagglutination with avian infectious bronchitis virus. By P. C. DOHERTY	93
Glasshouse temperature measurement and screen design. By N. A. CORNWALL and R. F. BLACK	95
Life history of the cucurbit aphid (*Aphis gossypii* Glover). By T. PASSLOW and MARIANNE S. ROUBICEK	101
Life history of the sowthistle aphid (*Hyperomyzus lactucae* (L.)). By T. PASSLOW and MARIANNE S. ROUBICEK	103
The nature of damage by *Nezara viridula* (L.) to soybean seed. By J. W. TURNER	105
Records of entomogenous fungi from Queensland, 1962–1965. By J. H. D. MARTIN	109
P^{32} labelling of codling moth (*Cydia pomonella* L.). By M. BENGSTON	113
Insecticide taint trials in tobacco, 1963–1966. By I. C. CUNNINGHAM	117
Effect of some phenoxy herbicides on *Vigna marina* and *Glycine javanica*. By D. R. BAILEY	121
Studies of waterfowl (Anatidae) in North Queensland. 2. Parasite records. By H. J. LAVERY	125
Studies of Macropodidae in Queensland. 6. Sex determination of adult skulls of the grey kangaroo and the red kangaroo. By T. H. KIRKPATRICK	131

No. 2, JUNE

PAGE

A visual appraisal method for the estimation of botanical composition in a dense sward. By J. A. GARTNER 135

Sowing rate, survival and productivity of green panic-glycine mixtures. By P. G. TOW .. 141

A study of three important pasture mixtures in the Queensland subtropics: Progress report 1958–1963. By N. D. YOUNG and J. J. DALY 149

Correction of sulphur deficiency in lucerne in the Warwick district, Queensland. By J. W. LITTLER and M. J. PRICE 159

Host range and particle length of passionfruit woodiness virus. By D. S. TEAKLE and G. B. WILDERMUTH 173

Tobacco blue mould (*Peronospora tabacina* Adam) in North Queensland. 3. Fungicide screening and efficacy experiments. By W. PONT and R. G. O'BRIEN 187

Studies of Queensland Tetranychidae. 2. *Tetranychus dianella* sp.n., a spider mite found on *Dianella caerulea* Sims. By J. J. DAVIS 201

Melioidosis in animals in North Queensland. V. Serological methods of diagnosis in sheep. By L. LAWS 207

Melioidosis in animals in North Queensland. VI. Serological methods of diagnosis in goats, pigs, cattle, horses and man. By L. LAWS 223

Effect of superphosphate on the germination of Townsville lucerne (*Stylosanthes humilis* H. B. K.). By R. L. HARTY 235

Effect of shade on growth of Townsville lucerne (*Stylosanthes humilis* H. B. K.). By D. I. SILLAR 237

Pythium root rot of wheat in Queensland soil. By R. J. LEDINGHAM and T. C. VANTERPOOL 241

No. 3, SEPTEMBER

Fertilizer response of green panic on the Atherton Tableland, Queensland. By J. A. GARTNER 245

Studies on the nutrient status of some tobacco soils in far north Queensland. By D. K. WARD 253

Effect of stage of development of bean pods at harvest on post-harvest changes. By M. D. LITTMANN 261

Effect of temperature on the post-harvest deterioration in quality of beans. By M. D. LITTMANN 271

Linseed oil yield and iodine value—refractive index correlation for Queensland-grown linseed. By M. J. PRICE 279

Correction of zinc deficiency in wheat on the Darling Downs, Queensland. By O. W. DUNCAN 287

Correction of zinc deficiency in maize on the Darling Downs, Queensland. By O. W. DUNCAN 293

Correction of zinc deficiency in linseed on the Darling Downs, Queensland. By O. W. DUNCAN 301

No. 4, DECEMBER

Control of aphids in seed potato production. By G. D. SHAW and T. PASSLOW 309

Effect of soil moisture fluctuation on legume nodulation and nitrogen fixation in a black earth soil. By A. DIATLOFF 315

Effect of nitrification of a black earth soil on legume nodulation. By A. DIATLOFF .. 323

Bovine *Leptospira pomona* infection: environmental contamination and the spread of the disease in a susceptible herd. By P. C. DOHERTY 329

Bovine *Leptospira pomona* infection: the disease in inoculated cattle. By P. C. DOHERTY 343

Bovine *Leptospira pomona* infection: the disease in cattle infected during an experimental outbreak. By P. C. DOHERTY 351

A note on prediction of starch content in sorghum grain. By R. L. ROOFAYEL 365

INDEX TO VOL. 24
